

VISIBLE INTELLIGENCE

The state-of-the-art New Holland IntelliView™ touch-screen monitors are not simply for controlling machine functions. They are fully ISOBUS compatible and can be used to operate a wide range of implements including balers and sprayers. IntelliView™ monitors communicate directly with New Holland IntelliSteer™ auto guidance systems, as well as display key operating parameters for the machine. Intuitive screens are easy to operate and enable you to customize your screens so that you can view or browse the information you want to see.

GET PERFECTLY STRAIGHT, PARALLEL PASSES THAT REDUCE SKIP AND OVERLAP WITH INTELLISTEER™ AUTO GUIDANCE

EASY TO NAVIGATE TOUCH SCREEN MONITOR

CUSTOMIZE SCREENS TO VIEW KEY OPERATING PARAMETERS

EASILY TRANSFER INFORMATION DIRECTLY TO PLM™ DESKTOP SOFTWARE
